OUR INDUSTRY STANDS UP FOR THE NEXT GENERATION
EDSF Event at Print 13 Helps Make Educational Dreams Come True for Students

HURST, Texas U.S.A (September 17, 2013)---The [Electronic Document Scholarship Foundation \(EDSF\)](#), the international non-profit organization dedicated to developing and providing programs to attract and support students worldwide with their education plans, would like to thank everyone that helped make our “Give Back at Print” event a success. The event started with a “Who’s Who” of industry leaders simply getting together to network and socialize in a relaxed environment and was followed by these highlights:

- A great keynote from our guest speaker, [Dan Lyons](#)
- A presentation of [IPN](#)'s check to the scholarship fund
- The announcement of the scholarship winner for our [BCT design contest](#)
- Naming of the [OutputLinks Communications Group Women of Distinction](#)
- Inspiring presentations by three of our [scholarship recipients](#)
- A very spirited live and silent auction on exciting and unique prizes
- The announcement by the [EDSF Board of Directors](#) of the establishment of the **Andy and Julie Plata Honorary Scholarship Award.**

This was EDSF's fourth annual event and raised \$65,000. While this will substantially increase scholarship funding for 2014, there still remains a critical need for financial support for our students. If you were not able to attend this event in Chicago, it's not too late to be a part of Give Back at Print. You can [donate online](#) at <http://www.edsf.org> at any time and help support the dreams of students pursuing careers in our industry. You can also make a special donation online and download [“Make Great Software Decisions”](#) by [Jennifer Matt](#) of [Web2Print, Inc.](#) Jennifer has kindly agreed to donate 100% of these funds to the scholarship fund.

Every contribution, however small, carries with it the ability to change tomorrow's landscape for these young minds and, as the saying goes, is priceless.

About EDSF

Founded in 1996, The Electronic Document Systems Foundation (EDSF) is the only foundation dedicated to enhancing the value and relevance of document and graphic communications worldwide. As a nonprofit, tax-exempt international charitable organization, our goals are to be a catalyst for education and research initiatives and to increase awareness of the emerging trends and issues that influence the industry.

The Foundation engages in programs designed to attract the best and brightest to the industry. By granting scholarships, fostering education, promoting research, recognizing leaders, encouraging innovation, and garnering and disseminating knowledge, we are helping build the next generation of digital content and delivery professionals.
